

Sudhir Kumar

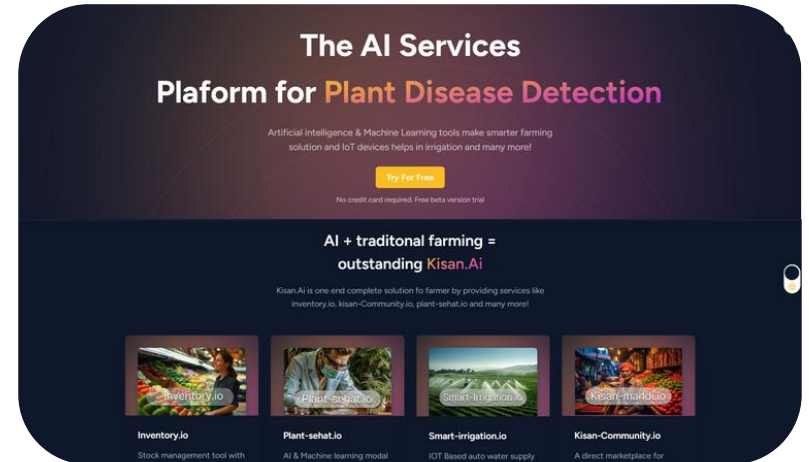

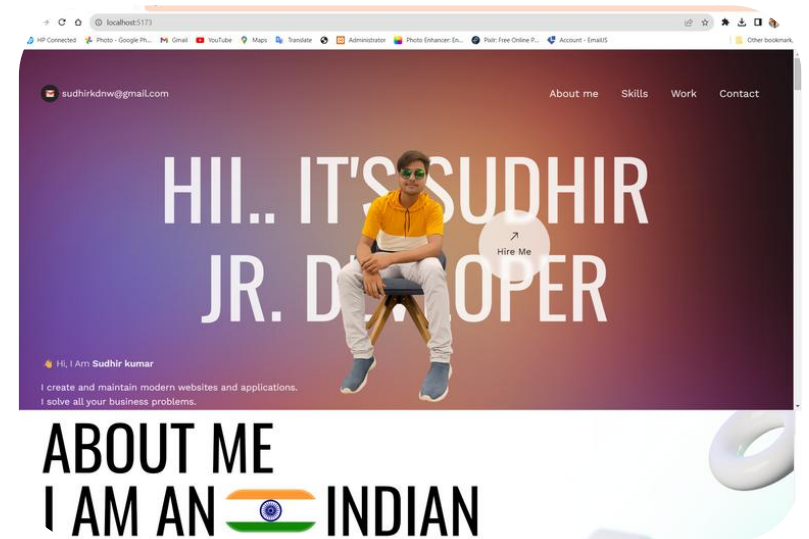

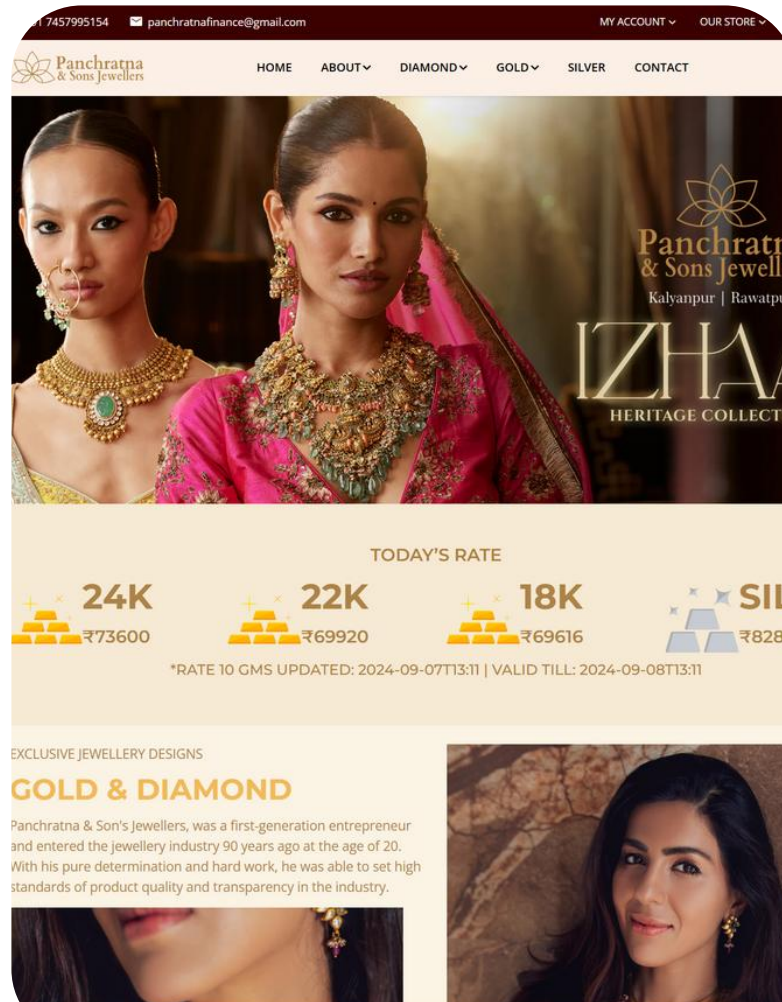

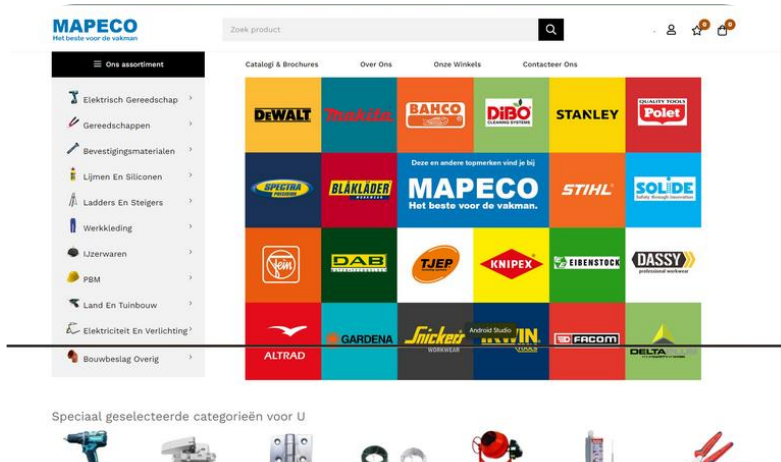

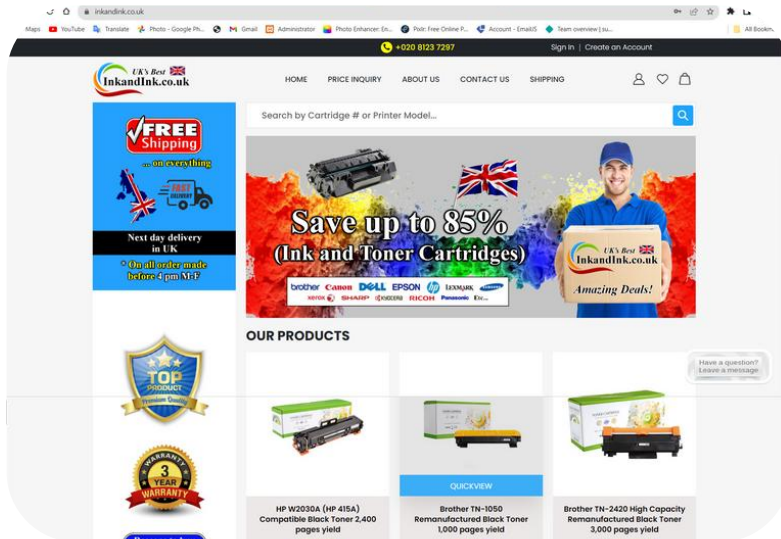

About Me

I am Sudhir Kumar, a motivated and forward-thinking individual hailing from Bihar. I am currently pursuing a B.Tech in Computer Science Engineering with a specialization in Artificial Intelligence and Machine Learning at Galgotias University. My aspiration is to excel as a leading developer in the field of AI and ML, and I am committed to continuously learning and growing in this domain.

I actively participate in hackathons, where I have consistently demonstrated my skills, securing first place in several competitions. My technical expertise spans Python, PHP, Java, and UI/UX design. Additionally, I have gained significant hands-on experience by working on multiple live projects as a backend developer, collaborating with seasoned professionals from renowned companies such as Wipro and Infosys. I have also earned certifications in Artificial Intelligence Fundamentals and Advanced Python Programming, which further underscore my dedication to continuous learning and innovation. I am eager to contribute to transformative projects and am committed to delivering efficient, creative solutions in the rapidly evolving field of AI and ML.

Projects

Education

Galgotias University

B.Tech in Computer Science and Engineering (Specialization in AI & ML)

Galgotias University, Greater Noida

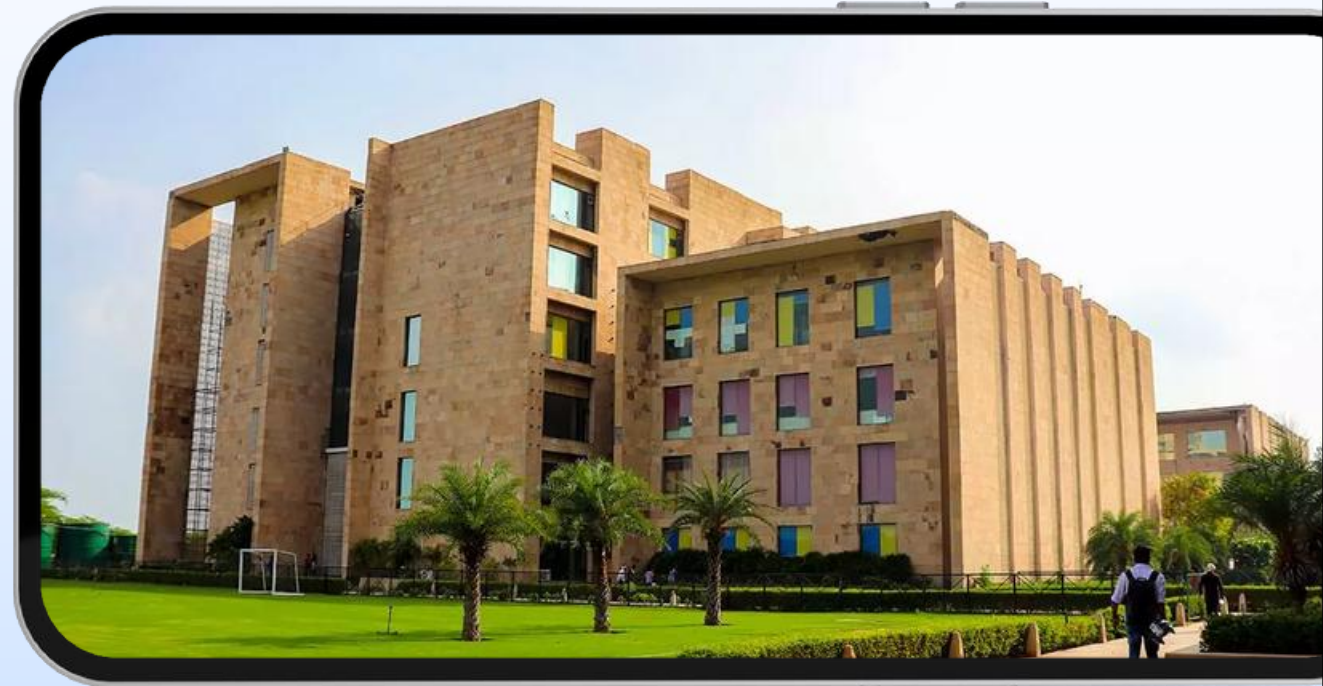

Expected Graduation: April 2027

12thGrade

CBSE Board, Dolphin Public School,
U.P. 2021 – 2023

10thGrade

CBSE Board, Lotus Public School,
Narkatiaganj, Bihar
2020 – 2021

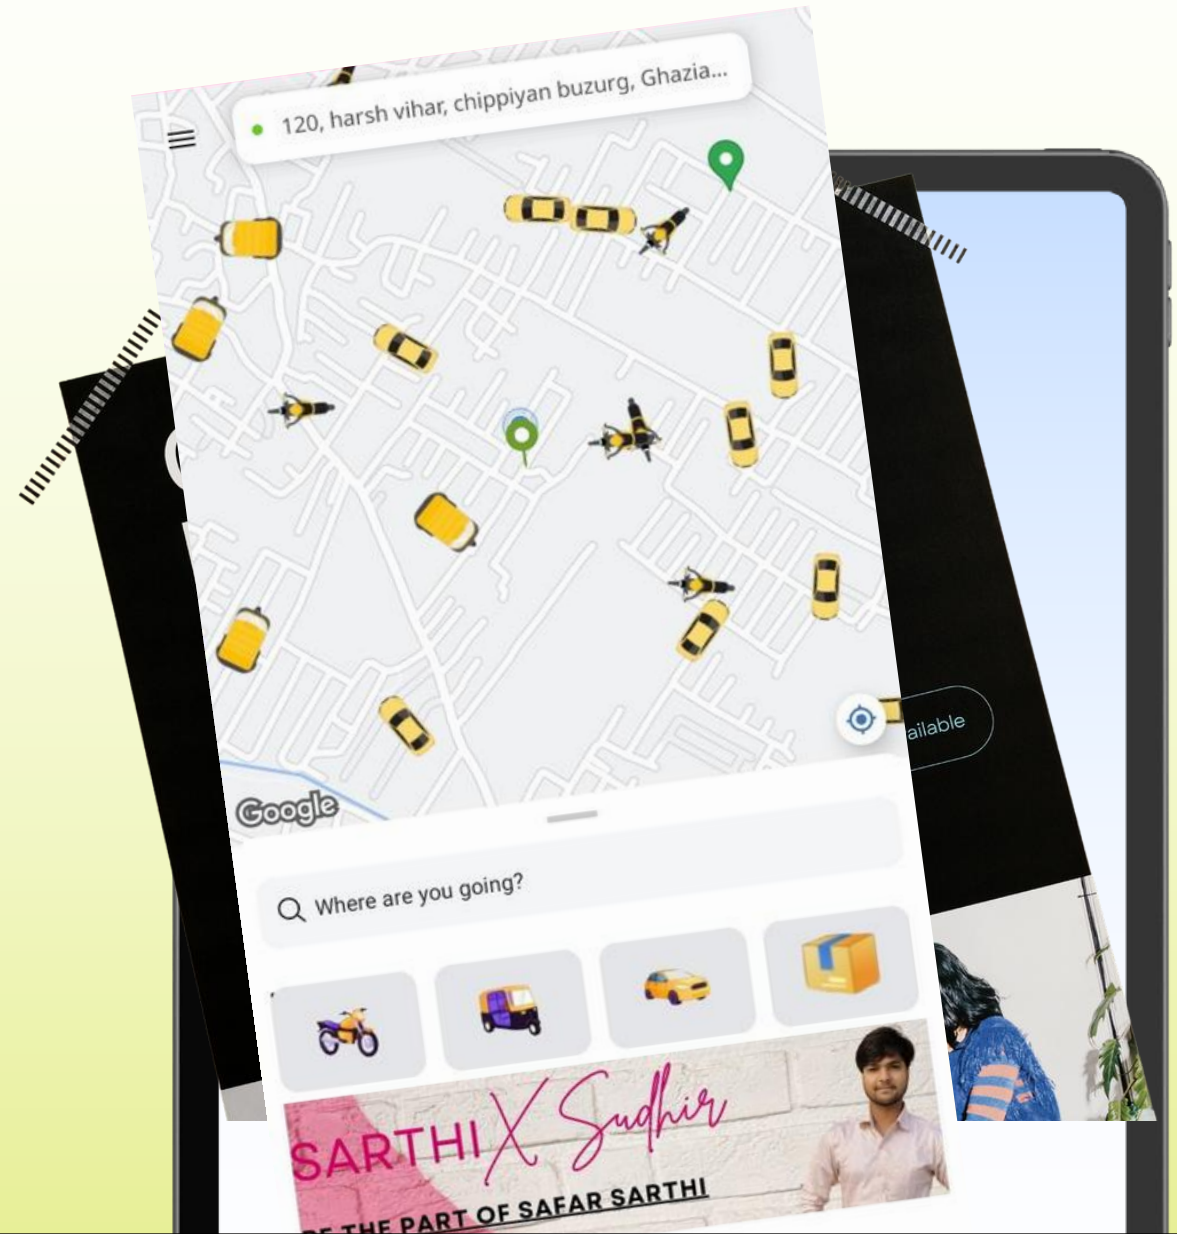

Live Project

Brand Identity

Safar Sarthi

- A campus ride-sharing mobile app, inspired by Rapido, designed to connect students for quick and reliable travel within or around college premises.
- Peer-to-peer ride-sharing system for students.
- Real-time ride search based on location and destination.

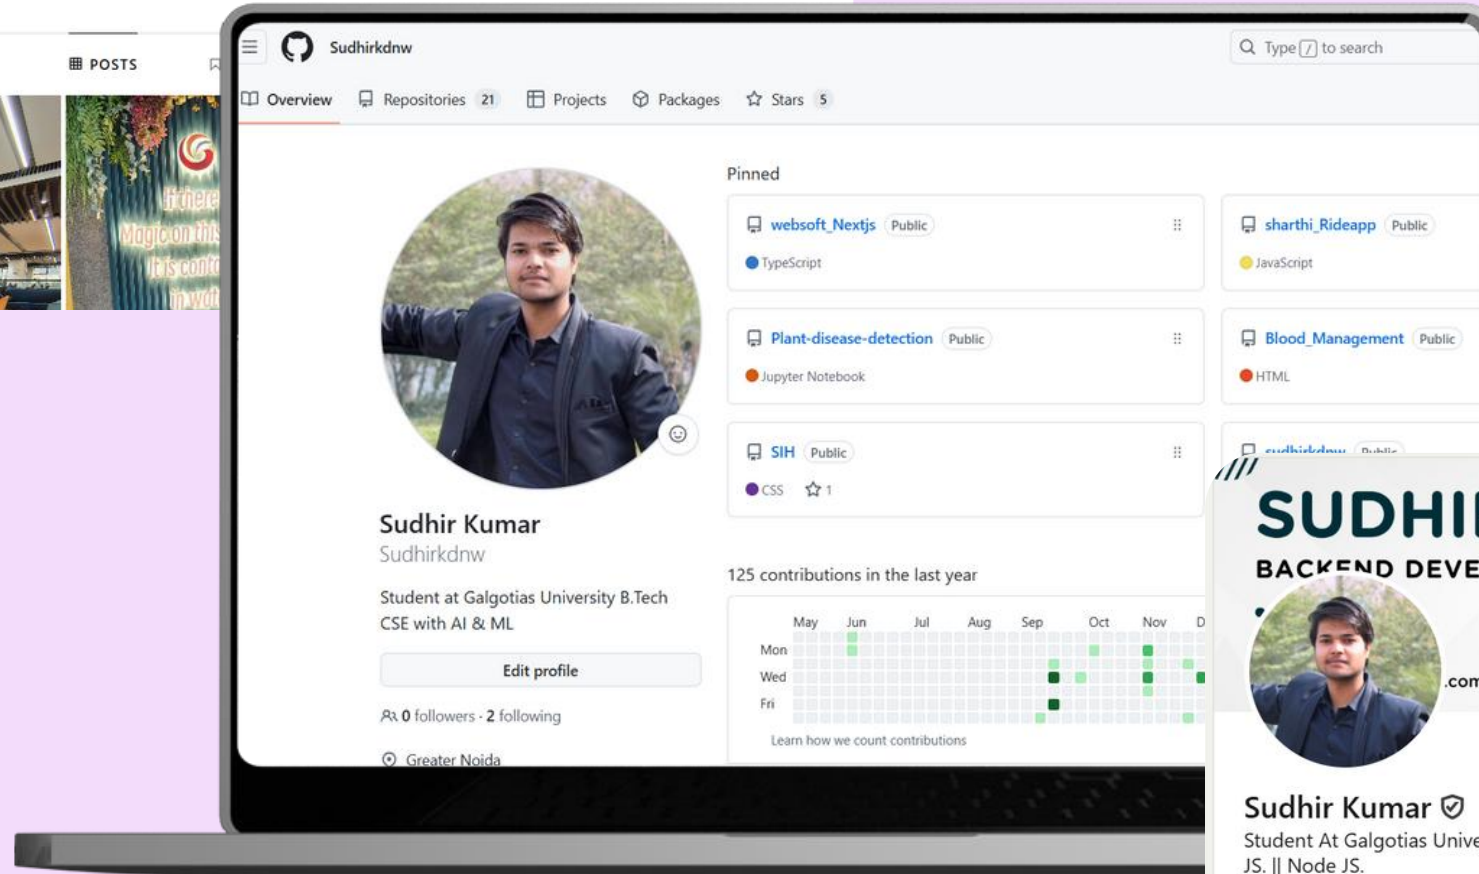

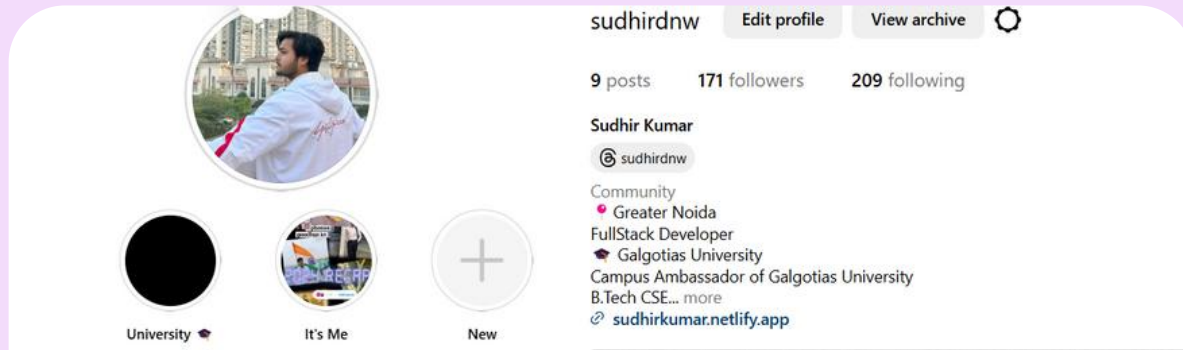

Tech Stack

Technology

- Languages: Python, PHP, JavaScript, HTML, CSS
- Frameworks/Tools: Laravel, Django, Jupyter, React Js

- Others: Git, GitHub, Web Development, AI & ML Fundamentals

Social Media

Services

LET YOUR BRAND'S VISION
BECOME A REALITY.

 5. UI/UX Design

 1. Full-Stack Web Development

 2. Mobile App Development

 3. AI/ML Projects

 6. Project Deployment & Hosting

 7. Data Visualization & Dashboards

Hobbies

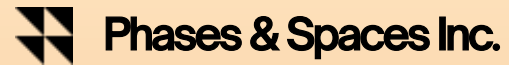

- Coding side-projects
- Blogging about tech or cybersecurity
- Playing strategy games (e.g., chess)
- Listening to music
- Exploring open-source tools
- Designing UI/UX mockups for fun
- Photography/editing
- Watching documentaries on technology or science

Interests

- Full-stack Web Development
- Artificial Intelligence & Machine Learning
- Cybersecurity & Ethical Hacking
- Open Source Contribution
- Startup Culture & Product Building
- Cloud Computing & DevOps
- Blockchain Technology
- Tech Meetups & Hackathons
- Human-Computer Interaction
- Teaching & mentoring budding developers
